MESSAGE FROM THE FOUNDER & CEO

At Yakut Trade, we believe international trade is built on more than products . It is built on trust, integrity, and lasting relationships. Our vision is to connect global markets through transparency, reliability, and professional execution. Every partnership reflects our commitment to quality, secure transactions, and sustainable growth. As markets continue to evolve, we remain dedicated to creating value, developing opportunities, and becoming a trusted partner for businesses worldwide.

Kenan Yakut
Founder & CEO

COMPANY OVERVIEW

Yakut Trade is an international trading company connecting reliable suppliers with qualified buyers across global markets. We manage sourcing, commercial coordination, documentation, logistics, and delivery solutions for a diverse portfolio of commodities.

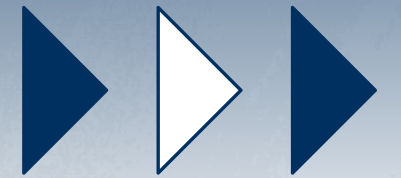

Our approach is based on transparency, professional execution, and structured trade management. By coordinating key stages of each transaction, we help our partners reduce risks, improve efficiency, and build reliable supply channels.

Yakut Trade is committed to quality, environmental responsibility, and information security through internationally recognized management systems:

- ISO 9001:2015 — Quality Management System
- ISO 14001:2015 — Environmental Management System
- ISO/IEC 27001:2022 — Information Security Management System

AREAS OF ACTIVITY

Yakut Trade serves clients across several strategic commodity sectors:

- Oil, Gas & Petrochemicals
- Construction & Industrial Materials
- Metals & Minerals
- Food & Agricultural Commodities
- International Sourcing and Procurement
- Trade Documentation and Commercial Coordination
- Logistics and Supply Chain Management

Our product portfolio includes commodities such as EN590 diesel fuel, petrochemical products, reinforcing steel, cement, aluminium ingots, industrial raw materials, and selected agricultural products.

Each transaction is structured according to the product, destination, commercial terms, required documentation, and agreed payment method, including LC and DLC where applicable.

OUR VALUES

- **Integrity**

We conduct business with honesty, professional discipline, and respect for every commercial commitment.

- **Transparency**

We promote clear communication, accurate documentation, and well-defined transaction procedures at every stage.

- **Reliability**

We work with qualified partners and structured processes to support consistent supply and dependable execution.

- **Quality**

We focus on products, services, and management practices that meet agreed specifications and recognized standards.

- **Security**

We protect sensitive commercial information and support secure transaction structures and documentation processes.

- **Sustainability**

We seek long-term business relationships and responsible growth rather than short-term transactions.

- **Partnership**

We view every transaction as the beginning of a potential long-term commercial relationship.

OUR MISSION & VISION

OUR MISSION

To simplify international trade by connecting reliable suppliers with qualified buyers through secure, transparent, and professionally managed transactions.

We support our partners with dependable sourcing, commercial coordination, accurate documentation, and efficient logistics solutions. By managing the critical stages of each transaction, we help businesses reduce risk, enter new markets, and build sustainable supply relationships.

OUR VISION

To become a trusted international trading company recognized for integrity, reliable execution, secure business practices, and long-term value creation.

We envision a global network where buyers and suppliers conduct business with confidence, supported by transparent procedures, international standards, and professional trade management.

Connecting Reliable Partners. Managing Trade with Confidence.

WHY YAKUT TRADE

Building reliable connections between global markets through trust, transparency, and professional trade solutions.

At Yakut Trade, we combine global sourcing expertise, structured transaction processes, and international standards to create secure and sustainable business partnerships.

GLOBAL TRADE CORRIDORS

Transaction Procedure

BANKING INSTRUMENTS

DOCUMENTARY PAYMENT SOLUTIONS

We support internationally recognised trade finance instruments designed to provide structured payment security and greater confidence for buyers and suppliers.

LC / DLC

Irrevocable documentary credits may be issued through SWIFT MT700, subject to agreed commercial terms, documentary requirements, and bank acceptance.

SBLC

Standby Letters of Credit may be used as independent payment or performance undertakings where agreed by the parties.

SWIFT MESSAGES

- MT700 — Issuance of a Documentary Credit
- MT760 — Issuance of a Standby Letter of Credit or Bank Guarantee

BANKING STANDARDS & VERIFICATION

SECURE BANK-TO-BANK PROCESS

Financial instruments and transaction-related communications may be verified through official bank-to-bank channels involving the authorised financial institutions of both parties.

INTERNATIONAL FRAMEWORKS

- UCP 600 for Documentary Credits
- ISP98 for Standby Letters of Credit
- ICC Rules and International Banking Practices
- Bank-to-Bank Verification
- Compliance and Documentary Review

IMPORTANT NOTICE

All banking instruments remain subject to issuing-bank acceptance, transaction value, compliance review, applicable regulations, contractual agreement, and final banking approval.
